

Shine In Me

Sveinung Chercka-Simonsen

Verse

I choose You God
In everything
When things go wrong
When bitterness claims my heart
I choose You God
To worship
In my brokenness
With all I am

Chorus

Shine Your light, shine in me
Through the cracks my heart
develops over time
Let your name be glorified
in every season of my life

Bridge

You are the strength in my weakness
You are the light that leads me home
You remind me of my purpose:
To live for You alone
