

# Because of You

Katrina Hedén

A sudden light  
A sudden wind  
A sudden motion and the universe begins  
Breath of the Spirit fills the waters  
Your breath to all creatures, sons and daughters

Without a sound  
Without a word  
Without a voice that is shouting to be heard  
Your story is told within creation  
Its echo bringing revelation

Because of You the sun is still rising  
The water springs are bringing life  
Because of You we lift our voice and sing  
Because of You, because of You the earth is singing

Colours of green  
Of deepest blue  
They're all reflections of beauty within You  
Your story's been told through generations  
The Spirit is speaking to the nations

Because of You the sun is still rising  
The water springs are bringing life  
Because of You we lift our voice and sing  
Because of You, because of You

Because of You the night welcomes slumber  
The buried seed is born to life  
Because of You we're shouting out Your praise  
Because of You, because of You the earth keeps singing

Lord, the earth is Yours  
Yet You entrusted us  
To guard, to nurture  
We respond to You  
And say yes to Your call  
To love
