

Come Do Your Work

Wilson, Sydhage, Vingren, Wahlström, Helmner, Palmer

Verse 1

We can't seem
To find the strength it takes
To step aside
And really love Your way

Verse 2

So many times
We fail to get things right
It only ends in chaos
Despite how much we fight it

Chorus

Come do Your work in me
Holy Spirit lead us
Come do Your work in me
Only You can heal us
Giving up all I need
All because we need You more

Verse 3

When You're telling me
To see my sister's need
It causes me
To see You differently

Verse 4

The gifts You give
Aren't only for my benefit
But we display Your power
By helping one another

Bridge

You're knocking on my door
Believe my sister hear my brother
The greatest miracle
Is when You help us to love each other
